

Hello Families,

We are excited to kick-off a Seal-tastic summer for you and your children! We have been working endlessly to create a safer and clean environment that is filled with positive energy and laughter. This year you will find smaller classes that will allow the campers to create fun summer memories to last a lifetime! We are happy to share the new temporary procedures to our Summer Camp below; these procedures were developed to adhere to all CDC and DCF guidelines. Here are some key changes you will find this summer:

Drop-off/Pick-up

On your first day of camp, please allow 10-15 minutes to fill out all necessary paperwork if it hasn't already been completed. Once you arrive at Camp Seal, please remain in the car line and a camp employee will meet you and your camper. Once all paperwork has been completed, we will sign your children into camp on your behalf. At the end of the day, we will bring your children to your vehicle.

Camp Staff will take your child's temperature using a touch-free thermometer. If his/her temperature exceeds 100.4 and/or a cough is present, your child will need to remain home until he/she is fever-free for 24 hours.

Sanitization

We will have designated staff members to clean all our facilities throughout the day. Children will NOT be required to wear masks at camp. We will be practicing social distancing and promote hand washing. Camp Staff will NOT be wearing masks while interacting with the children during camp hours; however, we will be wearing masks and gloves during pick-up and drop-off.

Extended Care

Based on CDC and DCF guidelines regarding limiting interaction between camp groups, extended care will not be offered this year. Our camp hours will be from 8:00 AM-4:00 PM.

Transportation

All transportation will be made via covered limousine golf carts along the fence line to and from Seal Swim School. Golf carts will be driven by a Camp Employee, with an additional counselor on board to ensure safety.

Emergencies

In the event of an emergency, parents will be notified immediately and allowed inside the camp building at that time.

Snack/Lunch

Camp Seal will NOT provide snacks or lunch for campers. We ask that parents send a bag lunch for their campers and provide snacks for children to eat during their designated snack times. Children should bring a reusable water bottle to use at camp. Water is available, inside and outside, for children to fill up their reusable water bottles throughout the day.

Field Trips

We are excited to announce “field trips” will be coming to us this year! We have lots of hands-on activities to explore, including Bricks 4 Kids, Cupcake Wars, the Mad Scientist of Tampa Bay, Mobile Painting, and much more!

We want camp to be a positive experience for your family. We are committed to NOT changing the things that make Camp Seal great. Campers will have supervised, indoor pool time everyday. Campers will take structured swim lessons 3 days a week. We will offer daily crafts and sporting activities. We will bring in child-friendly companies to explore new activities and lead creative projects.

We can't wait to Seal-a-brate another summer of fun with you!

Regards,

Katie Rego
